Senior Faculty Position in Electronics Packaging/Electronics Manufacturing Binghamton University – State University of New York

The Thomas J. Watson School of Engineering and Applied Science of Binghamton University invites applications for a senior faculty position in electronics packaging/electronics manufacturing in the Department of Systems Science and Industrial Engineering. An earned doctorate in engineering or the sciences is required. The candidate must have demonstrated leadership in the electronics packaging/electronics manufacturing domain and a proven ability to initiate, sustain and grow a substantial externally funded research program. A background that demonstrates sustained research excellence and teaching ability is essential.

Nominations or applications, each including a letter of nomination/application, resume and names of at least three references should be sent to Distinguished Professor Hari Srihari, Chairman, Department of Systems Science and Industrial Engineering, T. J. Watson School of Engineering and Applied Science, Binghamton University, Binghamton, New York 13902-6000. Review will begin after April 21, 2008, and continue until the position is filled.

The State University of New York at Binghamton – Binghamton University is an Equal Opportunity/Affirmative Action Employer.
